

# CLIMAX of R-Day celebrations in F'bad

## ABLE CHARITIES

"If children cannot go to school then school must go to the children," believes Sqd. Ldr. P.K. Khullar (retd.), who is the founder of Association for Blindness and Leprosy Eradication (ABLE). The man with a mission has supported over 150 slum children and provides them with free education. Khullar celebrated Republic Day along with these slum children and briefed them about the sacrifices made by our national heroes in the freedom of struggle. Later, he unfurled the national flag in the presence of K.K. Sharma and distributed sweets to the kids.

WE ARE THE WORLD: Sqd. Ldr. Khullar with underprivileged kids
